

Interview Performance Report for Aishwarya M K

Roll No: 1090

Batch No: 2

Center: Katraj

Course: Cloud

Evaluation Date: 2025-06-20

Overall Performance: Poor

Key Strengths

AreaExamplesRating

Technical ProficiencyImplemented a custom Dynamics 365 solution for Medibank Healthcare, designed custom plugins in C# for a Lead Management Sales App, and extended Dynamics 365 functionality using JavaScript.Excellent

Problem-solvingCustomized Dynamics 365 to fit the specific needs of the healthcare sector at Medibank Healthcare, addressing unique challenges such as streamlining the nurse triage process.Very Good

Project ManagementManaged post-deployment support at Matco Tools, effectively prioritizing and incorporating significant user feedback into system enhancements.Good

Communication SkillsClearly described the process and challenges faced during projects, demonstrating an ability to convey technical details effectively.Very Good

Areas for Improvement

AreaSuggestions

Detail Orientation in DescriptionsProvide more detailed examples and quantitative results of projects to enhance clarity and impact during discussions.

Handling Technical ChallengesDiscuss more about the strategies used to overcome specific technical challenges, which will showcase problem-solving skills more distinctly.

Time ManagementGiven the short duration of responses, practicing concise yet comprehensive answers could improve the delivery of technical explanations.
